### ProSafe lashing belt clamp buckle 6 m

Material no.: 1000000223 | Matchcode: PSH KS 6 | EAN code: 4045294195908

#### Description

The ProSafe lashing belt with clamp buckle and with a length of 6 m can be universally deployed in the vehicle for securing light transport goods and can be intuitively operated with one hand. The lashing belts are compatible with ProSafe uprights from Sortimo's Globelyst van racking system and Sortimo HD, ProSafe rails, Sobo Grip ProSafe floor, individual lashing points, restraint poles with individual lashing point as well as with the original lashing points from the vehicle manufacturer. The lashing belt has a resilience of up to 250 daN and the belt width is 25 mm. The cuttable anti-slip mat (Ref. No.: 6000003365) prevents the load slipping, additionally. When it comes to payload with sharp edges, an edge protection profile should be used to protect the lashing belt and the load.
