Description

Transport the entire L-BOXX range conveniently as a connected unit on the L-BOXX trolley. It is made of plastic and wins because of its low net weight and excellent load-bearing strength of up to 220 lbs. The four castors, two of which are lockable, provide for easy maneuvering even in narrow spaces. Practical accessories for the L-BOXX trolley make it even more functional: The restraining strap for the trolley allows you to additionally secure the BOXxes. Furthermore, you have the possibility of fastening the L-BOXX trolley to the van racking system or divider using the retaining plate, saving space. The trolley makes you and your work materials mobile, at the same time as saving on trips back and forth to your van, as you can immediately take several BOXxes with you to your place of work. Use the time saved more lucratively with your customer.
